**Subject:** Dave Peeler & the Deschutes

---

Chris, Dave & Leah,

Fyi, I'm listening to an Ecology webinar re: Ecology's TMDL priorities this morning. Dave Peeler used to be Ecology's Water Director (Heather's current position), and has been asking some excellent questions on the webinar, such as

1. Why was Capitol Lake omitted from the Deschutes TMDL \*and\* the Budd Inlet TMDL (currently under development).
2. What other TMDLs have been submitted to EPA where EPA hasn't taken action, other than the Deschutes ("Pend Oreille" answered Helen).

Turns out that Dave is on the Board of a Deschutes non-profit org.  
<http://www.deschutesestuary.org/dert/staff-and-board/>

There are close to 100 people on the phone.
